

Dan the Music Man

Stage Plot

Description: Dan performs solo as a vocalist and guitarist with backing tracks supplied by a provided iPod in stereo.

Dan requires one preferably wireless vocal mic on a boom stand, one stage monitor and three direct boxes run to stage centre (One for guitar (replaceable by wireless instrument transmitter and receiver) and two for the on-stage iPod in stereo.)

As an alternative, Dan can provide a stereo sub-mix via a Mackie 1202 mixer to the sound tech. In this case, he requires two XLR lines run to stage centre and panned full L-R at the board in the case of a stereo mix.

DI's x 2 for stereo iPod w/ 1/4" outputs mounted on boom stand

DI x 1 for acoustic guitar pickup or wireless instrument transmitter and receiver

Proposed program book entry, Intro (please see website for more info)

Calling all kids and kids at heart! Get ready to participate in a musical adventure that will stretch your imagination and tickle your funny bone! Join one of Canada's favourite family performers and recording artists, Dan the Music Man!
